1. HEALTH AND SAFETY POLICY STATEMENT

Introduction

Our commitment to health and safety forms part of The Diocese of Bristol Academies Trust's wider agenda of social responsibility, sustainability, corporate governance and the management of risks, and ultimately the quality of education delivered to our communities. We require this same commitment from our employees and contractors. The Trust's Health and Safety Policy can only be implemented with the full co-operation of everyone involved and all employees must take active care of their own and others safety.

We believe that achievement of high standards of health and safety reduces harm and losses due to accidents, incidents, and ill health, and therefore makes good business sense.

Health and Safety is integral to our asset management, the management of our human resources, and organisational development, and is included in all Trust policies when and where appropriate.

All board members and employees of The Diocese of Bristol Academies Trust are asked to join in the ownership of this document so that it achieves the aim of providing a healthy and safe place of work.

1.1 The Diocese of Bristol Academies Trust Health and Safety Policy

Introduction

The Diocese of Bristol Academies Trust (DBAT) is a multi-academy trust with a faith designation and a Christian religious ethos that is both distinctive and inclusive. Distinctive in the sense that all decisions about the nature and purpose of the Academy are taken through the lens of Christian values, inclusive in the sense that all students and staff are equally valued for their uniqueness in the eyes of God and their belonging to the school community.

Ethos Statement

Vision

The Diocese of Bristol Academies Trust (DBAT) shares the Church of England's Vision for Education 2016, "Deeply Christian, Serving the Common Good", which includes four basic elements wisdom, hope, community and dignity. We aim to deliver values-led education with the very best outcomes for children and young people.

Purpose

To provide high quality education enabling young people to flourish and grow: spiritually, in love and in understanding.

Policy Aim

This Policy will support our goal of being an organisation where everyone can fulfil their potential free from work related injury or ill health; this includes employees, students, contractors, and others who may be affected by our work activities.

Policy Objectives

- to conduct all our activities safely and in compliance with legislation and best practice;
- to provide safe working conditions and equipment;
- to promote a positive safety culture;
- to ensure our procurement promotes best practice in health and safety;
- to establish targets and action plans for continuous improvement of health and safety performance;
- to report our health and safety performance both internally and externally.

Policy Principles

Control - those with management roles are responsible for the clear allocation of health and safety responsibilities and for monitoring that those responsibilities are implemented.

Co-operation - we all have a responsibility to co-operate as individuals and as groups to make health and safety a collaborative effort.

Communication - communication of health and safety information is essential and care must be taken to continually review and improve this.

Competence - developing the health and safety competence of Board Members, managers, employees, and contractors is at the heart of successful health and safety management.

These guiding principles are interrelated and interdependent so that consistent activity in each area is needed to promote a climate in which a positive health and safety culture can develop.

2. ORGANISATIONAL STRUCTURE AND RESPONSIBILITIES FOR HEALTH AND SAFETY

This section details the specific health and safety roles and responsibilities assigned to the following posts and functions.

2.1 Chair of the Diocese of Bristol Academies Trust Board of Trustees

To ensure the work of the organisation is conducted in accordance with the policy and procedures for health and safety and with due regard for any statutory provisions set out in legislation.

2.2 DBAT Board of Trustees

The DBAT Board of Trustees takes overall responsibility for the Diocese of Bristol Academies Trust's health and safety performance and in particular is required to ensure that:

- decision-making is in line with the policy and procedures for health and safety and any statutory provisions set out in legislation;
- adequate resources are made available for health and safety;
- health and safety performance is continually reviewed;
- suitable action plans for improving health and safety are developed and implemented;
- reporting is carried out at the appropriate levels, including RIDDOR reporting;
- third party audit outcomes and monitoring reports are used to measure the performance of Academy Councils and Headteachers against health and safety targets and objectives;
- a Diocese of Bristol Academies Trust health and safety audit programme is implemented, and progress of remedial actions is monitored.

2.3 Academy Councils of DBAT Academies¹

All local academy councils shall ensure that all the decisions they make are in line with the Diocese of Bristol Academies Trust policy and procedures for health and safety and any statutory provisions set out in legislation. This principle is to be borne in mind by all committees and during all contacts with employees and members of the public. Please refer to the Trust Scheme of Delegation for full details of delegated responsibilities.

2.4 Academy Headteachers

All Headteachers take overall responsibility for the management of health and safety within their Academy and sphere of influence. They are required to:

- ensure adequate resources are available to successfully manage health and safety within their Academy;
- ensure implementation of the Diocese of Bristol Academies Trust health and safety policy and procedures;
- ensure the development and implementation of an Academy health and safety action plan for continuous improvement in health and safety;
- ensure development, implementation and review of an Academy specific health and safety policy, organisation and arrangements in line with the Diocese of Bristol Academies Trust's model academy policy;
- uphold the guiding principles for health and safety and require the same from all school staff, supervisors and employees;
- ensure development, implementation and review of structures and systems within the Academy to promote management control, co-operation, communication and competence on health and safety matters;

¹ Academy or School as defined in the formal DfE title of the establishment

- use the appraisal framework to measure the performance of senior managers against health and safety targets and objectives;
- ensure effective proactive and reactive monitoring of health and safety at all management levels;
- measure and review Academy performance against key performance indicators, targets and Academy health and safety action plans;
- ensure implementation of an Academy health and safety audit programme and monitor progress of remedial actions.

2.5 Assistant/Deputy Headteachers, Managers and Supervisors

The Diocese of Bristol Academies Trust assigns the health & safety responsibilities of additional tiers of management in local health and safety policies. Generally, where a manager or supervisor has an operational responsibility for the organisation or control of any Diocese of Bristol Academies Trust undertaking or activity, he/she will also carry the responsibility for doing all within his/her authority to ensure an acceptable level of health and safety during the conduct of that undertaking or activity. In all cases this policy requirement reflects the legal duties placed on such persons by the statutory law on health and safety.

2.6 Trade Union Safety Representatives

Trade Union Safety Representatives are fully consulted on matters affecting the health and safety of employees they represent, in compliance with the Safety Representatives and Safety Committees Regulations 1977. Formal consultation with Trades Unions on health and safety takes place through the health and safety committees.

2.7 Employees

All employees have an important part to play in protecting themselves and others. Health and safety responsibilities are based on legal obligations and are subject to the Diocese of Bristol Academies Trust's disciplinary procedures. All employees are required to:

- take reasonable care for the health and safety of themselves and others, who may be affected by what they do or fail to do at work;
- co-operate with all managers, team leaders and supervisors on health and safety matters;
- familiarise themselves with, and to act in accordance with, any health and safety procedures which have been issued to them or otherwise brought to their attention;
- act in accordance with any safety training which has been provided to them, or any verbal safety instructions issued to them;
- make full and proper use of any personal protective equipment (PPE) and clothing provided to them, in accordance with instructions or training received.
- report any loss of, or obvious defect in, such PPE to their team leader or manager;
- not take part in any horseplay or to interfere with or misuse anything provided in the interest of health, safety or welfare;
- report any accident/incident, no matter how minor the injury, by informing their supervisor or manager (to be done on the day of accident/incident or as soon as possible thereafter). This includes reporting any accident/incident involving a non-employee whilst on Diocese of Bristol Academies Trust premises or sites or affected by Diocese of Bristol Academies Trust activities, which comes to their attention;
- report to their supervisor or manager any work situation which they consider represent a serious and immediate danger to health and safety, or any matter which they consider represent a shortcoming in current arrangements for health and safety;
- follow any laid down emergency procedures in the event of serious imminent dangers, such as emergency evacuations.

3. ARRANGEMENTS FOR THE HEALTH AND SAFETY MANAGEMENT SYSTEM

The arrangements for the health and safety management system (HSMS) are systematically applied in all activities and services throughout the Diocese of Bristol Academies Trust.

3.1 Health and Safety Policy

Corporate Health and Safety Policy – this clearly sets out our framework for health and safety management at Trust level.

Academy Health and Safety Policy – all Academies are required to establish Academy specific health and safety policy statements and organisational arrangements to implement the Diocese of Bristol Academies Trust policy and HSMS incorporating Academy needs and responsibilities.

3.2 Organising

Responsibilities – line management is responsible for health and safety performance and the implementation of the Diocese of Bristol Academies Trust and Academy health and safety policy, arrangements and procedures. Specific health and safety roles and responsibilities have been assigned to various posts and these are included in the Organisation section of the relevant Academy specific (Level 2) policies.

Consultation – consultation is achieved by standard health and safety agenda items on all team meetings, through appropriate membership of committees and groups and meetings including recognised Trade Union representation.

Training – Health and safety competencies are core skills essential to the effective conduct of employee duties. These competencies are developed through induction at both Trust and Academy levels. Specific (e.g. manual handling, first aid, fire safety etc.) and managerial training is arranged to suit individual and organisational needs. The Trust has decreed that all employees of the Trust will complete the following Health & Safety courses as mandatory requirements, over and above HSE obligations for specific roles²:

- Annually: Fire Safety, Fire Warden (for selected employees), H&S basics for schools.
- Every three years: working at height, manual handling, stress management (employees), risk assessments, accident and incident reporting.

Job Descriptions/Employee Contracts – suitable clauses to highlight health and safety responsibilities are included in all employee contracts and job descriptions appropriate to individual roles.

Appraisal – the Appraisal framework is used to set and measure performance against health and safety targets and objectives (where these are appropriate for the job description of the employee concerned). Appraisal is also used to identify health and safety learning and development needs of individuals and monitor competency development.

Working Groups – Working Groups in the Academy Councils are used to support the Academies in delivering Health & Safety compliance and adhering to best practice. Working Groups can report Academies' performance and compliance to Academy Councils.

Communication – Health and safety information is communicated through line management with health and safety as an agenda item at all levels of team meetings. Trust health and safety documentation is developed and made available in electronic and hard copy format, notice boards and signage are all methods for health and safety communication.

² These courses are in addition to other Trust mandated training, such as Cyber Risk Awareness, GSPR, Safeguarding etc.

3.3 Planning and Implementing

Health and Safety Action Plans – Headteachers are required to develop, maintain and report on health and safety action plans to ensure continuous improvement in health and safety performance.

Risk Assessments – Managers conduct and record risk assessments for all our activities using the corporate system and guidelines and ensure findings are brought to the attention of employees. Risk assessments are reviewed periodically by the school and, following any significant changes, to ensure they remain suitable and sufficient.

Procedures – Trust and Academy health and safety procedures are the standards, systems and guidelines for the implementation of control measures for specific health and safety risks. Procedures are developed and implemented in accordance with the risk profile of the Diocese of Bristol Academies Trust and individual Academies. Trust procedures apply to all establishments. All health and safety procedures are regularly reviewed, updated when appropriate.

3.4 Measuring Performance

Proactive health and safety monitoring is a line management function. Health and safety performance is formally measured during manager and supervisor inspection in accordance with Trust health and safety procedures.

Reactive measurement is by managers and supervisors implementing the health and safety procedures for accident/incident reporting and investigation.

In addition, the Diocese of Bristol Academies Trust measures performance by audit, inspection and through accident/incident reporting and investigation.

3.5 Reviewing Performance

Judicium Consulting are retained to provide health and safety advice and review each academy's compliance. Performance is reviewed and reported at Academy Council meetings and the Diocese of Bristol Academies Trust Board of Trustees on a formal and regular basis. Performance is measured against health and safety performance indicators and targets, and in terms of the achievement of Headteachers' health and safety action plans. Opportunities are sought for credible and suitable benchmarking.

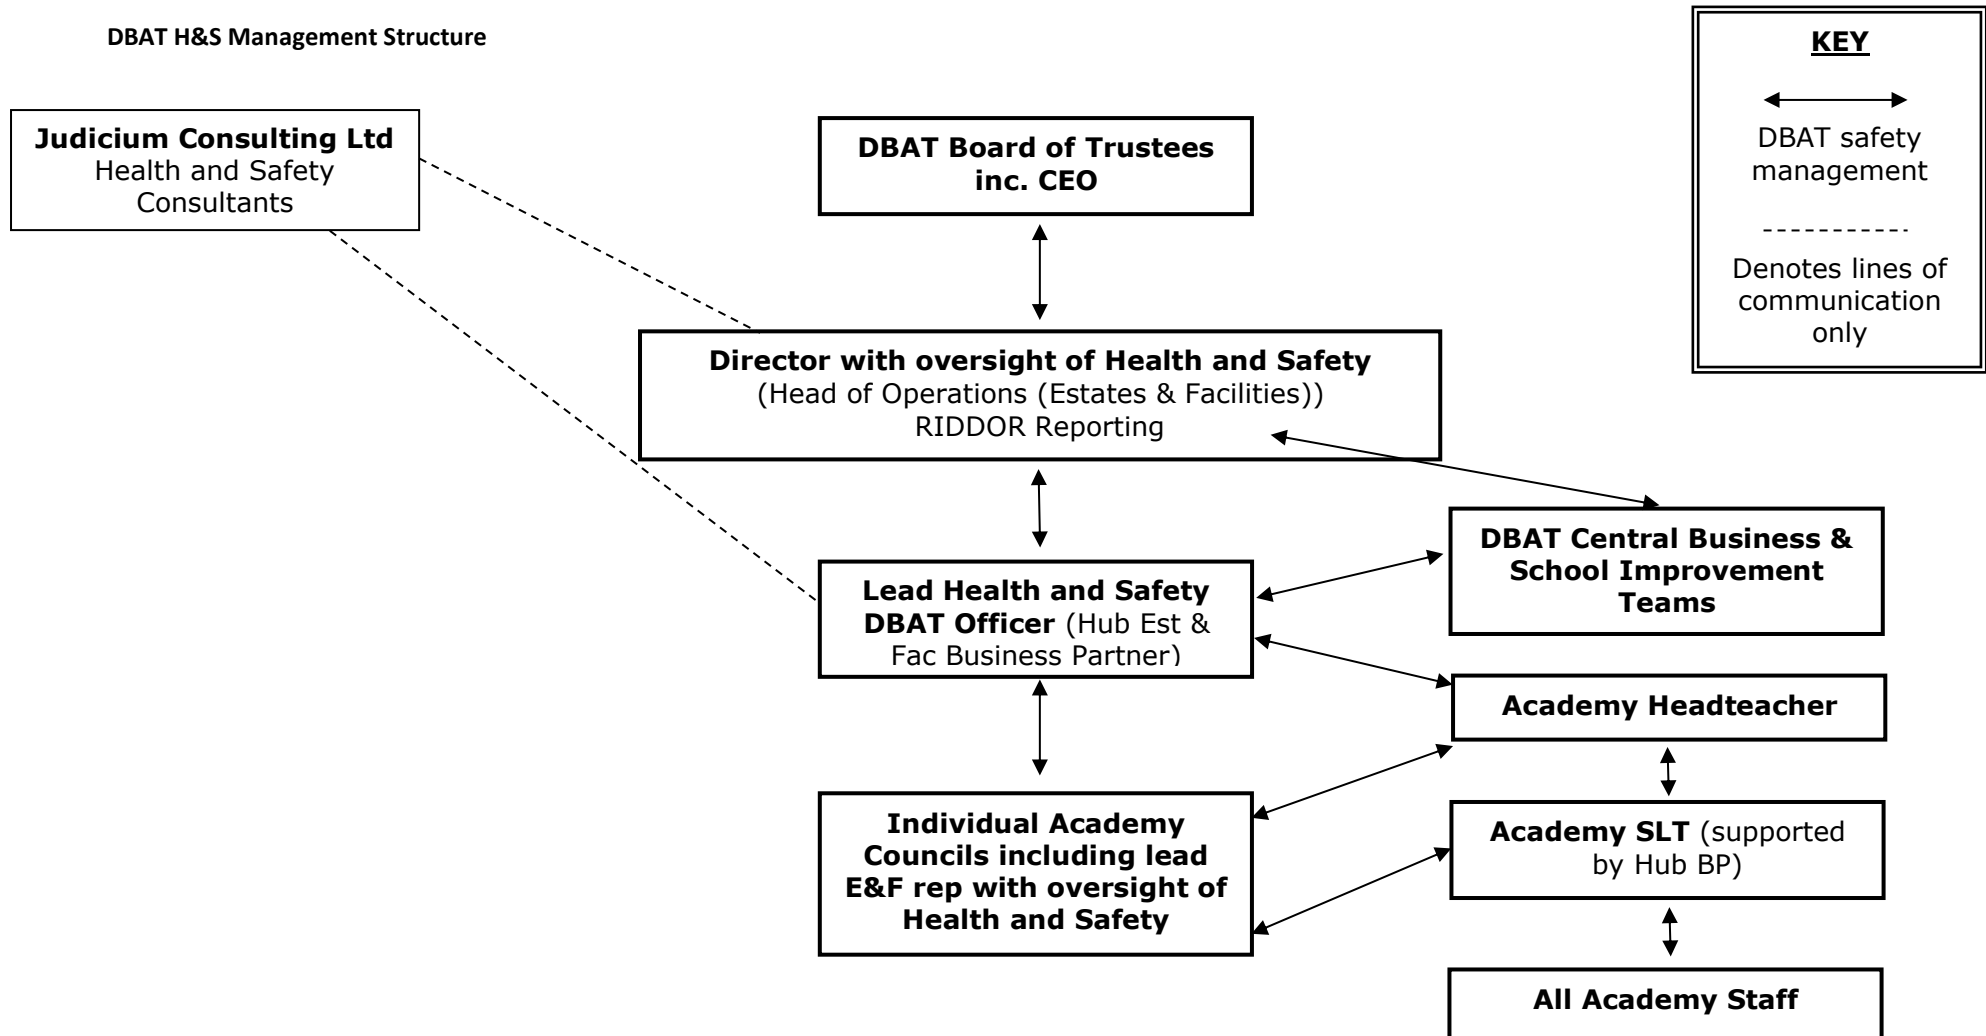

3.6 Auditing

A programme of health and safety audits is delivered across all academies in accordance with the Diocese of Bristol Academies Trust health and safety audit system. The Trust Board Director of Health and Safety ensures that suitable audit programmes are in place and audit action plans are fully implemented.

Appendix 1: Health and Safety Organisational Chart

The following is an outline of duties and responsibilities that have been assigned to the Diocese of Bristol Academies Trust Director for Health and Safety, Operational Managers, Academy Council Members and Trust staff.

DBAT H&S Management Structure
