1. Introduction

The Diocese of Bristol Academies Trust (DBAT) is a multi-academy trust with a faith designation and a Christian religious ethos that is both distinctive and inclusive. Distinctive in the sense that all decisions about the nature and purpose of the Academy are taken through the lens of Christian values, inclusive in the sense that all students and staff are equally valued for their uniqueness in the eyes of God and their belonging to the school community.

2. Ethos statement

Vision

The Diocese of Bristol Academies Trust (DBAT) shares the Church of England’s Vision for Education 2016, “Deeply Christian, Serving the Common Good”, which includes four basic elements wisdom, hope, community and dignity. We aim to deliver values-led education with the very best outcomes for children and young people.

Purpose

To provide high quality education enabling young people to flourish and grow: spiritually, in love and in understanding.

3. Scope/ aims

The Accessibility Policy outlines the commitment of the staff and Academy Council Members to promote equity and access for all disabled service users. This involves tackling the barriers which could lead to unequal outcomes for identified groups of pupils, staff, parents/carers, Trustees, Academy Council members and visitors in school, ensuring that there is equity of access and celebrating and valuing the legacy and strengths within the school.

We believe that equity at our school should filter through all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth. In our Trust at in all our schools, equity is a key principle for treating people with dignity and respect irrespective of their disability (or any other recognised protected characteristic under the Equality Act 2010 or subsequent reviews). This would include the impact of child poverty.

4. Policy Commitments

Promoting equity: Curriculum

We aim to provide all our pupils with the opportunity to succeed, and to reach the highest level of personal achievement. To achieve this, we will ensure that curriculum planning reflects a commitment to equity and accessibility.

Promoting equity: Achievement

There is a consistently high expectation of all pupils regardless of their disability. To secure the best possible outcomes we recognise that:

- Adults in the school will be expected to provide good, positive role models in their approach to all issues relating to equity of opportunity and accessibility.
- It is important to identify the needs of individuals and groups within the school and to use targeted interventions to narrow gaps in achievement and accessibility.
- It is important to place a high priority on the provisions for special educational needs and disability and accessibility.
- A range of teaching methods to be used throughout the school to ensure that effective learning takes place at all stages for all pupils and that to promote student engagement and accessibility, pupils are encouraged to be actively involved in their own learning.

Promoting equity: Ethos and culture

- We are aware that those involved in leadership of the school community are instrumental in demonstrating mutual respect between all members of the school community.

- There should be a feeling of openness and tolerance which welcomes everyone to the school.
- The pupils are encouraged to greet visitors to the school with respect.
- The displays around the school are of a high quality and reflect diversity across all aspects of disability and equity.
- Reasonable adjustments will be made to ensure access for pupils and visitors (including parents) with disabilities.
- Provision is made to provide for the cultural, moral, and spiritual needs of all pupils through the planning of assemblies, classroom based and off-site activities.
- Pupils are given an effective voice, for example through the School Council and through student perception surveys which regularly seek their views.
- Positive role models are used throughout the school to ensure that different groups of pupils can see themselves reflected in the school community.

Promoting equity: Staff recruitment and professional development

- All posts are advertised formally and open to the widest pool of applicants.
- All those involved in recruitment and selection are trained and aware of what they should do to avoid discrimination and ensure good equity practice through the recruitment and selection process.
- Access to opportunities for professional development is monitored on equity grounds.
- All supply staff and contractors are made aware of equalities policy and practice.
- Employment policy and procedures are reviewed regularly to check conformity with legislation and impact.

Promoting equity: Countering and challenging harassment and bullying

- The school counters and challenges all types of discriminatory behaviour and this is made clear to staff, pupils, parents and Academy Council members.
- The school has a clear, agreed procedure for dealing with prejudice related bullying incidents and has a nominated member of staff responsible for recording and monitoring incidents.
- The school reports to the Academy Council and the local authority on an annual basis the number of prejudice related incidents recorded in the school.

Promoting equity: Partnerships with parents/carers and the wider community

We aim to work in partnership with parents/carers. We:

- Take action to ensure parents/carers from all backgrounds are encouraged to access and participate in the full life of the school.
- Ensure that there are effective and appropriate channels of communication to ensure parents views are captured and acted upon.
- Encourage members of the local community to join in school activities and celebrations.
- Ensure that parents/carers of newly arrived pupils are made to feel welcome.

5. Monitoring and review

The staff responsible for co-ordinating the monitoring and evaluation is the headteacher and they are responsible for:

- Providing updates on equalities legislation and the school's responsibilities in this regard.
- Working closely with the Academy Council who are responsible for equity and diversity and the accessibility of the school.

- Supporting positively the evaluation of activities that monitor the impact and success of the policy from different need groups in the following recommended areas:
 - Pupils' progress and attainment
 - Learning and teaching
 - Behaviour discipline and exclusions
 - Attendance
 - Admissions
 - Incidents of prejudice related bullying and all forms of bullying
 - Parental involvement
 - Participation in extra-curricular and extended school activities
 - Staff recruitment and retention

6. Evaluation

We evaluate our practice with respect to disabled young people is via the Self-Assessment below (see Appendix A). We are aware that the list of aspects is not exhaustive.

7. Our Ethos and Values

As identified at the opening of this policy, our structure and approach here is underpinned by our Christian ethos and values, focused on an ethos that is both distinctive and inclusive.

In our adoption and subsequent adaptation of this policy we have asked ourselves two clear questions: "Is this policy and practice underpinned by our vision and values?" and "What is the impact of our vision and values on those subject to the policy?". This is a key focus of our ongoing development of policy and practice.

This policy is underpinned by the following policies which ensure a firm foundation in our vision and values:

- Equity Policy
- School Development Plan
